

## Lo Line Scrubber - NLL 332

Slim Folder Profile

Powerful Motor

The Loline range of low profile floorcare machines has been developed to meet both the growing demand and need for a choice of models that are smaller in size, lighter in weight, compact and convenient in storage whilst, at the same time, being quick and easy to use without loss of performance.

The new Loline rotaries have been designed specially to meet this demand and raise the handling and performance levels to an exceptional user friendly standard, be it for men or women operators.

The smallest model in the Loline range can claim performance characteristics equal to that of bigger, more industrial machines, yet with an ease and speed of operation that will immediately endear it to any operator.

A full range of 33cm (13 ")/40cms(16 ") brushes and pad drives allows the machine to be used for all of the primary floor care functions. With a total weight of only 18kg and an operating speed of 200 rpm, the machine literally exudes convenience and versatility. Fast and user friendly like never before.

Model No	Power	Motor	Deck	Pad	Brush Speed	Range	Weight	Size
NLL 332	230 V AC 50 Hz	400 W	330 mm	330 mm	200 rpm	32 m	18 Kgs	1145 x 330 x 540 mm
